

TEMPLATE FOR WINGS X2

ulysses butterfly cake instructions

Print this page out twice on A4 sheets of paper. Cut around the black line on each page to make two separate wings. Use in step 2 of the recipe (see diagram, right, for how to place wings over cake). Then turn the wings around so they're the same (see picture, far right) to decorate cake.

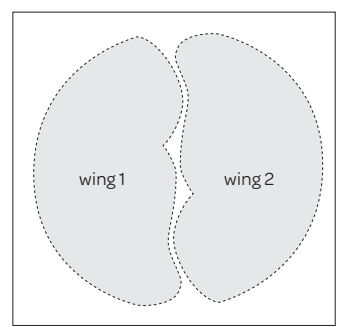

DIAGRAM ONLY TO SHOW HOW TO CUT WINGS OUT OF THE ROUND CAKE
