

CARVING STENCIL

1. Cut a hole at the top of your pumpkin, watermelon or pineapple with a paring knife and remove the inside
2. Once your pumpkin, watermelon or pineapple is hollow, secure stencil firmly with tape
3. Trace the outline of the stencil by poking holes into the pumpkin, watermelon or pineapple using a skewer
4. Remove stencil and carve along pattern using a paring knife
5. Insert tea light candles

SAFETY: Ensure carving takes place on a flat, dry surface. Always take care when handling knives.
